NUMBER 33

## COLLEGE ENJOYS "DITCH DAY"

### College Presidents Discuss Problems Of Organizations

Presidents of the various college organizations met at Ketners, May 1, to report on the work of their clubs during the year and to discuss plans for the future.

After dinner Willard White called the meeting to order and each president gave a short talk. Among the plans revealed for the future were a Junior Lion convention to be held in Santa Ana, May 17-18 and the plans of the Honor Society to entertain the members of the faculty at Riverside soon.

Red Edwards and Paul Mueller also reported on the Bachelor and German clubs. Eddie Gerhardt stated that plans are being made for a sophomore skating party to be held soon, and the presidents of the three French clubs are arranging for a commencement breakfast and assembly on May 22. Dorothy Harman announced the W. A. A. handbook was ready for sale.

Paul Mueller led a discussion on how to get more students interested in college activities, and it was suggested each club be explained in the Frosh Bible.

### College Humor To Offer Large Prize

College Humor and Doubleday, Doran have cooperated in offering three thousand dollars as a prize for a campus novel prize contest. A story of college life by the college generation.

This contest is open to all college men and women enrolled in American colleges as under-graduates and to graduates of not more than one year. The story may or may not be an autobiography but must deal with college people. In other words, it must be a story of youth seen through the eyes of its own generation.

This contest closes on midnight, October 5, 1929.

### Press Club Plans To Give Theatre Party

The Press club is sponsoring a theatre party which is to be held at the Yost Broadway theatre in the near future.

The entire student body is invited, and tickets will be on sale as soon as the date is decided upon.

It is hoped that this affair will be backed up by the student body, as it will be one of the last events of the school year.

### Macbeth Practice Progressing Well

Rehearsals on Macbeth are progressing excellently, and the play is becoming more like a finished production. Under the direction of Ernest Crozier Phillips, head of the drama department, the cast is doing some serious work.

Modernistic sets will be used on the stage, following the plan of Gordon Craig. Plans are being made by Harlan John, and are being built in the woodshop under the direction of Rufus Bond, head of the mechanical drawing department.

The Board of Education has given the school a black and gold striped cyclorama to be used in the banquet scene. The most elaborate costumes obtainable, in keeping with the characters, will be used.

### Students Urged To Give Fiesta Plans

Jimmy Roach, chairman of the Fiesta committee, urges all students to secure and return the general Fiesta survey sheet this week. This information is necessary in order to complete the plans for Fiesta.

On the afternoon of Fiesta day seniors from the visiting high schools will be entertained, given a free dinner on the lawn, and tickets to the annual play, Macbeth.

George Raymer of the Santa Ana Chamber of Commerce donated the paper and envelopes for the invitations.

### Girls Invited To Junior Lions' Ball

Girls wishing dates for the Junior Lions Grand Ball are urged to see Felix Garnsey, who is in charge of dating. There will be men from all parts of California and a number of the neighboring states to attend the convention and will wish dates for the dance.

Some of the men have written to Garnsey stating certain requirements for their dates.

One fellow says he wishes a girl who is about five foot four and a brunette. Another that he wished a girl who did not hum when the orchestra plays. Other specifications were for girls who did not chew gum, a flapper-blonde, an athletic girl, and a girl who does not talk baby talk.

On May 7 a number of the members attended a meeting of the Junior Lions Central Council at Azusa. They were entertained at a dinner and later attended the business meeting.

### Fiesta Program

#### Morning Program

Crowning of Don and Dona by Father O'Sullivan.

Address by John Steven McGroarty.

Spanish dance by Faustina.  
Madame Burdow To Sing.  
Noonday Lunch in Y-Hut.  
Informal dance.

#### Afternoon Program

Natural Dances.  
Bull fight.  
Spanish Burlesque Play.  
Ventriloquist Act.  
Songs by Trio.  
Musical Number by Louis Romoff.  
Dinner on Lawn.

#### Evening

Evening Dance in Gym.  
Play, Macbeth.

The visiting high school Seniors will be held for the afternoon program, evening dinner and dance, and Macbeth. I want to urge all the students to cooperate with the committee to make this Fiesta a success.

Signed,  
"Jimmie" Roach  
General Fiesta Chairman

### Frosh Asked To Fill Out Questionnaires

Delmer Brown, president of the freshman class, is sponsoring a questionnaire to be given the undergraduates of the school. It is the purpose of the questionnaire to determine the number of freshmen coming back next year, and encourage as many of them as possible to return.

It is hoped the students will respond to the questionnaires 100 per cent. The questionnaires will be given out to students Wednesday. Following is a resume of the questionnaire which will be circulated among the the Frosh.

Are you intending to return to Santa Ana college next year?

If not are you going to another school?

If not are you going to go to work?

Would you be willing to work on a committee to see personally a few graduating seniors from the high school from which you graduated?

Which high school did you graduate from?

### Whisker Enthusiasts Dwindled In Number

"Red" Gillman, Carol Bertolet, Chuck Adams, Abbot Mason, Bill Crawford are the only survivors of the Moustache and Whisker contest which comes to a clip on Fiesta Day, May 17.

According to Carol Bertolet the prizes are being considered, and each contestant will receive some compensation for having stayed in the contest for the last six weeks.

### Students Vote On Don, Dona Choice

Monday free votes were given in the Don and Dona contest. Five free votes were given to each student—that is five votes toward the Don, and Dona. Free voting ended at 3:10. Voting began Monday at 8:00, and closes each day at 3:10, ending at 3:10 Friday. Since Monday votes have been one cent apiece.

Contestants for Dona are: Margaret Cianfoni, Barbara Isch, Melva Fletcher, and Doris Goff. The would-be Dons are: Harold Hylton, Baxter Geeting, Rex Brown, Delmer Brown, Victor Almaraz, Romauldo Olivares, and Joe Warner.

### Y. W. Fete Held At Fullerton City Park

The Fullerton City Park was the scene of the Y. W. C. A. fete, Saturday, May 4. The English motif was carried out in folk songs and dances in which the Y. W. members of the various colleges took part. The women of Santa Ana junior college gave the "Mercy Scene" from Shakespeare. Those taking parts were Julia Bingham, Marian Bruner, Lavinia Compton, Dorothy Staples, Ruby Gray, Dorothy Haynes, and Faye Stinson.

A cabinet meeting of the Y. W. was held Tuesday for the purpose of discussing the inauguration service of officers, finances and Asilomar.

### Printing Of W. A. A. Handbooks Finished

Publication of the W. A. A. handbooks has been completed and they are now making their first appearance on the campus. W. A. A. members are conducting the sale in the hall and are charging only the small sum of ten cents for the book.

This is the first year in the history of the W. A. A. that a handbook has been edited. Through the cooperation of the members and advisors of the association with the untiring efforts of Margaret Glenn, editor of the book, the publication has been made possible.

The purpose of this book is to let the students of the school know the "what", "why", and "how" of the association. Included in it are the history and constitution of the W. A. A. and a brief survey of the past sport seasons.

### Students Accepted

Leonard Morris, Eddie Gerhardt, Wallace Grebe have received the news that they have been accepted at Stanford. They will enter as juniors next fall.

### Solitude Reigns In College Classrooms Annual Ditch Day

Laguna Beach sand and surf took the place of the regular halls and classrooms yesterday when the Santa Ana Dons and Donas observed the traditional "Ditch Day".

Teachers, except a few who were wise enough to find out what they were not supposed to know, came to school prepared to give the usual tests and lectures, but instead of seeing the daily sight of men and women eager for knowledge, lonely halls and class rooms greeted their eyes.

As usual the fun and frolic of Ditch Day was celebrated at Laguna. Stewart McPherson, social commissioner, was in charge, and provided the ice cream for the dinner.

A few students, however, grasped the opportunity to catch up on studies and back work. The chemistry laboratory was open all day, for students who wished to work.

"Ditch Day", an annual event, is usually observed during May when the hot weather sets in and students are in need of a rest before finals.

### Fiesta Questionnaire Results Favorable

Out of seventy-five questionnaires handed in by last Friday only two students said that they would not be able to attend Fiesta Day. Sixty-one stated that they would be present for the noon luncheon, and fifty-one planned to attend the evening dinner. Thirty-six students planned to rent costumes and all the rest said that they would come in costume.

Everyone said that he was willing to make this second annual Fiesta Day a success.

### Catalogs Completed Next Week, Says Fisk

Catalogues of the Santa Ana junior college for the year 1929-1930 will be ready for distribution the beginning of next week according to an official announcement from the office of Dean Fisk the early part of this next week.

The dean has been working on the the make-up of these bulletins for over two weeks and the printing is now being done in the print shop under the supervision of T. E. Williams, printing instructor.

## Editorial Comment

## Our Part

Only two weeks remain before Santa Ana junior college will celebrate the one event which distinguishes it from neighboring colleges, the SPANISH FIESTA.

Those of us who were here last year, remember it to be an event which was so outstanding and fitting that it was unanimously agreed by faculty and students to make it traditional; so now we find ourselves preparing for the second annual bigger and better SPANISH FIESTA.

The success of the FIESTA depends upon the undivided support of the entire Associated Student body. It is evident that we cannot all take an active part in the programs but we can and should do these things:

1. Dress in Spanish costume.
2. Attend the noon luncheon, evening dinner and dance.
3. Be present at all programs and assemblies.
4. Show the visiting Seniors that Santa Ana junior college is glad to have them as guests.
5. Support "Macbeth".

Students, plan, think, and talk Fiesta from now until May 17. Let us all show Jimmie Roach, T. H. Glenn, and their committees that the students are going to work just as hard as they to make the FIESTA the success we all expect it to be.

## Ain't That So

Did you notice the forlorn and "I wish—I'd studied expression on almost everyone's face last Friday morning when envelope by envelope was de-thumb-tacked from the bulletin board?

What a disillusionment. Here were D's and F's handed out in a "Merry Christmas manner, just as if the presents of such a card under certain parental noses would not cause enough havoc to upset any iron constitution.

Many flaming blond looked extinguished as they saw their names in the so called "bone yard". And the cool liquid brunnetts assumed a tinge of tepidness during the procedure—and afterwards.

Deficiency notices! They are bound to disrupt your pleasure—because if you do get one, you suffer from the consequences; and if you do not get one the shock is too great.

Why dont we stick to the old adage—"Ignorance is bliss"?

But I guess that's the reason why

B. Geeting: "Are your folks superstitious?"

Stump: "Oh yes, we never sleep 13 in a bed at our house."

## You Tell One

Toby was the nicest boy  
He wore a sweater green  
And everywhere that Toby went  
This sweater rare was seen.

Miss Miller in Eng. 1B: "Mr. Ridder, can you tell me the difference between a ballad, a sonnet and an ode?"

"Mr. Ridder: "No ma-am."  
M. M.: "Well, can you tell me what a madrigal is?"

M. R.: "I don't know what a rigal is, let alone a mad one."

Some dumb cluck went into the library and asked for that snappy new magazine called Congressional Stories.

Don W.: "I've always said I'm going to shoot anybody who looks like me."

Sam W.: "Do I look like you?"

Don W.: "You do."

Sam W.: "Shoot".

Ernest: "Must I eat this egg?"

Hot Spotts: "You're blankety tooten."

Silence—cracking wise.

Ernest: "Say, do I have to eat the beak, too?"

## Lovelorn Column

Dear Aunt Probey:

I am bothered a great deal by "Blondy". Che always wants to pull my ie and admire my moustache. Wot'll I do?

Roy Wheeler

Ans: That moustache will be the downfall of you yet, Roy. You probably tickle her!

Dear Aunt Probey:

I am hopelessly in love with a mysterious brunette. I dont' think I'll live throughout it. I'd like your advice.

Fred Humiston

Ans: If you're going to die, you'd better do it now—while you're happy.

Dear Aunt Probey:

According to Shakespeare, women are more appreciated if they stand up for their own rights. What do you think?

Audra Schmid

Ans: It's a pretty good idea to stand up for your rights, but you'd better take along a chair, too.

Dear Aunt Probey:

One of my old friends likes my hair up, and the other one likes it down. I always aim to please; but what shall I do now?

Frances Brown

Ans: Bee two-faced.

Dear Aunt Probey:

Every time I go down the street, I am followed by several squirrels. What shall I do?

Ima Nutt

Ans: Perhaps thats' the reason.

## It Happens Every Day

Didn't you have a keen time at the beach yesterday! There weren't so many down there in the morning, but by noon it seemed like the whole J. C. and part of the high school was enjoying the balmy atmosphere. Didn't you think Hoots was just too cute in his little one-half piece bathing? Some of the fellows thought that he migfht have at least worn a one-piece suit.

Anyway a good time was had by all the country correspondent of the S. A. Times concludes when writing a story about a barn dance or hay ride. It's too bad we can't have a Ditch Day soon and invite the faculty to be our host. I'm sure we would have a large day if we did.

## Y. M. Deputation Team Entertained By Dinner Meeting At Paul Home

Members of the Y. M. C. A. deputation team attended a dinner meeting last Saturday evening at the home of Miss Lindy Paul, 2015 North Main street. Following the dinner, which was served by Miss Paul, assisted by Mrs. Elliot, and Miss Polly Todd, various games and stunts were enjoyed.

Those attending the party were the deputation team members, McKee Fisk, David Cherry, Felix Garnsey, George Tobias, Harry Van Gorkum, Paul Allen, William Hewitt, and Delmer Brown. Others were Misses Elizabeth Mateer, Lillian McDonald, Thelma Dugan, Corinne Nelson, Margaret Glenn, Naomi West, Frances Harper, and Frances Schweitzer.

Margaret Whitson, popular freshman, has withdrawn from school because of illness. She plans to pursue her studies next year.

## Spanish Students Enjoy Card Party

Bridge and "500" were the entertainment of the evening when sixteen members of the Spanish club met at the home of Mary Louise Wallace, May 2. Walter Chandler won the prize, a deck of cards, and Lawrence Heide took consolation prize.

A spring atmosphere was given to the party when the girls were presented with corsages of sweet peas and the boys were given buttonieres of the same kind of flowers.

Candy and pinon nuts were served all during the evening. Refreshments consisted of rice cakes and punch.

The committee in charge included Mary Louise Wallace, Susannah Erbe, Phyllis Jamison, and Grace Haskell.

Joy Wilson reports she had a grand time at Trabucco Canyon Sunday. By the way, she also mentions that she fell in the water.

## Literary Club Contest Advanced One Week

The Junior College Literary club is sponsoring the publication of a thirty-two page volume of verse and prose by Santa Ana junior college students. The volume will appear about May 15. The following students are in charge of the publication: board of editors: Sherrill Spurgeon, chairman, Dorothy Harman, Elizabeth Mateer, Curtis Bowman. Wylie Carlyle is business manager.

In order to stimulate contributions to the volume, a verse and prose contest is being held the conditions of which are posted on the main bulletin board.

## A. N. S. News

Presidents of the Coast League boy's leagues were guests of Pasadena Junior College yesterday in all day convention. The delegates arrived at 10:30 a.m. and were taken to the auditorium where a discussion of the 6-6-4 plan followed. At 12 o'clock the meeting adjourned for lunch. In the afternoon the group met again to discuss the honor system, school dance, limit of extra curricular activities, student government and the service point system.

Featuring songs, dances, and various stunts, the first annual Junior College Women's Hi-Jinks will be held in the girls' gym at 3:15 p.m. today.

Seniors were "scaquer'n hen's teeth" this morning, the reason being the much-talked-of-in-secret annual senior ditch day. Just where the senior class members have established themselves seems uncertain.

## F. W. Cuprien, Noted Marine Artist Grants Interview To Reporter

By Ruth Bradley

"Try to make others happy, even though you do not find complete happiness yourself." This is one of the principals by which F. W. Cuprien, noted marine artist at Laguna Beach, has made life full and well worth-living.

Cuprien was born in Brooklyn, New York of Norman-French descent and spent his boyhood there, singing, dancing, reading, and drawing. He was almost grown before he really realized that all children did not read or sing or dance for company as he and his brothers and sisters did, and so he has always been at ease before the public.

Cuprien taught in Bayar university and in Forth Worth university. He enjoyed teaching because it was a valuable experience, but it did not allow time for work and he did not teach for a great length of time.

About 30 years ago Cuprien went to Europe to work and study. He spent 11 years there, in France, England, Italy, Spain, Greece, and Germany. In Germany he went as a common sailor on a fishing vessel in the North sea for three years, that he might get actual experience and be better equipped to paint the sea. "Before the Storm" one of his most well-known pictures was painted in mid-ocean on a trip to Europe.

After this he gave his first exhibition, which was held in Germany and was entirely a success.

When he arrived in California he stayed at Los Angeles until he could go to Catalina. From here he went on some excursions and from Point Firman saw the Island. Cuprien kept

delaying his departure until one day he heard of Laguna Beach and came down by stage to see it. He was so taken by the beauty of the coast and the hills that he rented a place the first day and lived there a year, until he built the studio where he now lives and works, on the cliff above the ocean which he paints so wonderfully. It was two years before he went to Catalina, then only for a day. Later he spent three months there painting. Cuprien loves the quiet of the village and surroundings at Laguna. It is a contrast to the Paris he knew and New York as he watched it grow. When he knew New York many years ago, he saw the spire of Trinity Church from the river now it is "buried in deep canyons of skyscrapers." Cuprien has not been to Europe since the war and he has no desire to return because he does not want his image of the old world spoiled by the devastation the war has brought to Europe.

Cuprien gets a genuine thrill out of the praise accorded his work, yet he realizes that he has not been able to put on the canvas for others to see, all that he himself has seen. In speaking of futuristic and impressionistic art, Cuprien said it seemed to him that this type of art lost all the beauty and fineness of the original.

When asked if he was ever lonely in his studio out on the cliffs he replied that no one was lonely who had resources within himself. Many such bits of wisdom which Cuprien has picked up during his life help to make life richer. He believes that one can only be a success in the thing which he loves. Everyone has a mission in life. Find that mission and do your best to fill the niche which was made for you in this world. Everyone is an artist in his own line of work even though it is that of a shoemaker, and an artist cannot create a thing which is higher than the soul within him. He who knows, knows how little he knows. Look ahead and improve.

## Dons Drop Third Game To Bucs By 7-6 Score; Local Team Plays Ragged Ball Throughout Contest

### Golfers Defeat Long Beach In Local Meet

Last Saturday morning the junior college golf team defeated the Long Beach team three out of four matches thus turning in their first clean-cut victory of the year. They are due a forfeit from the Pasadena junior college due to the inability of the latter to play on the scheduled date and with this win, it puts our newly-formed golf team right up among the leaders.

Gerhardt won first match from Fraser 3 up and 2 to play; Daley won second 5 up and 4 to play from Burrell. Watson lost third to Maloney 2 down and 1 to play; while Bertollet won his match from Polley 2 and 1.

There were originally intended to be five men playing but as both teams were shy a fifth man, it was agreed to let the result of the tournament rest on three out of four matches.

### Tennis Team Taken By Glendale Squad

As far as the tennis team was concerned, Glendale had practically no opposition on the local courts to win all but one match from the Don aggregation. "Stew" McPherson won his match, the only win of the day, when he defeated Jones in first singles, 6-2; 6-1. "Hoots" Chilson played hard and lost only after a hard set that went 9-7 for Barr, of Glendale. Chilson lost 6-4, 1-6; 9-7. Kolkhorst lost to Barr and Mueller lost to Rogers 6-2; 6-1.

In the doubles Santa Ana fared even worse losing both matches and winning only set and that in first doubles. Chandler and Chamberlain lost first doubles 1-6; 6-3; 6-2. Stein and Groos lost second doubles to the Barranger brothers, 6-4; 8-6.

This defeat comes at a bad time for the Dons for this makes the third straight defeat and practically eliminates them from the running for Conference honors in this sport.

#### Santa Ana 6-Glendale 7

Santa Ana J. C. went to Glendale last Saturday for its third league game, only to come back with a 7-6 defeat.

The game was uninteresting throughout, because of the loose playing of both teams. The Dons were credited with 10 errors while Glendale chalked up 5. Nearly all of the Glendale runs were scored on foolish errors on the part of our boys. The same old trouble of poor base-running was another reason for the defeat.

Glendale got a substantial lead of 3 runs in the first inning but the Dons soon tied the count and scored a couple of more and the score stood 5-3 in our favor at the end of the 6th. Glendale scored once in the 7th and again in the 9th to tie the count at 6 all at the end. In the first of the 10th the Dons scored once and Glendale came back to score twice and win the game on errors.

Nine members of the girls tennis team plan to journey Fullerton for an invitational meet next Tuesday.

## Jaycee Nine To Meet Compton Squad Saturday

This coming Saturday the Don nine will meet the strong Compton team in the fourth game of the season. This is not a promising outlook for the game for Compton is slated to a mighty fine team and the Dons are anticipating a tough fight to keep the Tartars from winning.

Having lost to Glendale by a heart-breaking score in the tenth inning the Dons are not feeling so hot and they will probably have to do "about face" if they are to put up a fight against the invaders. While their percentage compared to Compton's is not so worse, so to speak, it is nothing to be proud of and if Coach Clyde Cook has his way, the boys will make a strong attempt to take the Tartars into camp and pull up to the .500 mark again.

Coach Cook is concentrating on his infield this week and hopes to eliminate most of the errors that featured the last two games. It was three errors and general loose playing that contributed to the Don's defeat in both games.

## Girls Start Interclass Baseball Series; Sophomores Open Season With Win Over Freshmen 20-16

Starting the interclass baseball series with a close fast game, the sophomores won over the freshmen by the wide margin of six hits when they piled up a score of 20 to the freshman score of 14, last Monday.

The freshmen held the lead during the first part of the game, but the sophomores came into their own when they brought in eight runs in the fifth inning and at the same time held their opponents scoreless. From then on the sophomores maintained their lead.

Barbara Goodrich and Dorothy Lutz, shared the sophomore batting honors with three runs apiece. Margaret Glenn, Pauline Neddermeyer, Helen Reynolds, Ruth Tantlinger, Alice Prather, and Jane Stewart each

made two runs. Louise Griset and Catherine Jessup each have one run to their credit.

Dorothy Harman took batting honors for the freshman when she scored on four of her five trips to the bat. Katherine Markel, Mildred Staples, and Lavinia Compton each accounted for two runs apiece, and Virginia Thomas, Bobby Goodrich, Margaret Hiskey, and Thelma Allen came in once each.
